

# OSINACHI AGBOEZE

FRONTEND DEVELOPER AND UI/UX DESIGNER

## EDUCATION

2016-2022    ○    Student at University of Nigeria Nsukka, Electronic Engineering Bachelor's Degree. Activities learnt in school: Control Engineering, MATLAB, Microprocessors and Microcontroller Systems, Digital Signal Processing, Advanced Engineering Mathematics, Circuit Theory.

## EXPERIENCE

JULY 2020- OCT 2020    ○    **Intern UI/UX Designer**  
I was accepted to be part of the intern at the Learnable'20 program in Genesys Tech Hub in Enugu. It was a 3months program where we where taught and assigned mentors to teach us in the field of Design. Tools we learnt where: Figma, Adobe XD , Photoshop and Adobe Illustrator.

APRIL 2021- NOV 2021    ○    **Intern at Xend Finance**  
I was an intern at Xend Finance where I worked on projects for the company as well as improving my skills as a UI/UX designer. I also worked for their child company Wicrypt limited when they where upgrading the website.

JUNE 2022- JULY 2021    ○    **Intern at Upskill**  
I was accepted into upsill to learn frontend web development. The program was organised by GDG and Genesys Tech Hub to train young developers who are passionate in learning about web development. We where able to learn HTML, CSS and JAVASCRIPT. We where given tasks where we learn by building real life projects .
